### PRESIDENT'S CORNER...

Summer is here! The temperature has heated up and so has the fishing. I was fortunate to get out and fish two days last week. Both trips were fantastic, with plenty of 21" to 23" fish being caught. Finding bigger fish was more difficult, but the smaller fish are strong and fun to catch with light tackle. These fish, in two to three years, should supply us with good size catches, if water quality continues to be emphasized. We can only hope.

The MSC-Hydro Glow tournament is coming next month. Be sure to invite anyone you know that may be interested in fishing. It is open to anyone that would like to participate and everyone is welcome. I am not a very good night fisherman, but it is fun to see the lake light up with boats. Just be extremely careful, as the water is still very low.

Congratulations to all winners in the June tournament, MSC had great representation in the top ten places in the NSBA Rotary Club tournament. Great job!

See you at the MSC-Hydro Glow Tournament!
